

Domaine **POUTRINCOURT**

Exclusive rights!

One of the most beautiful territories for hunting and fishing in Quebec

www.poutrincourt.qc.ca

Domaine Poutrincourt Outfitter...

...is located outside of the former Chibougamau Park in Northern Quebec. The Outfitter specializes in walleye, northern pike and coregone fishing, as well as black bear hunting. Fishing and hunting on Poutrincourt lake, Buade lake, and the Normandin river offer outstanding possibilities. Combined, we offer 160 square miles of exclusive rights that belong to the lodge. This paradise for hunters and fishermen was never exposed as it was only accessible by float plane. This exclusive right territory is now easy to reach by road, but fishing still remains exceptional. Come join your sportsman friends and reserve one of our 13 cabins; well equipped with inside plumbing, propane lights, refrigerator, stove, pots and pans, wood stove as well as inside restroom with hot shower. Our friendly and knowledgeable staff, as well as a great hunting and fishing experience are waiting for you.
